Jeff will have someone from Networks Northwest come to our next meeting to speak to us about Day care in our community to give us an understanding of the need for affordable child care. He is also going to ask Ashley Lindstrom if she would come to the meeting also as she owns a daycare center, she could give her input on what it takes to start a daycare center. We do need to have a special use ordinance put in place in case someone wants to open a Day care center. There are a lot of special use specific standards and regulations that would have to be met for anyone wanting to open a daycare.
